

7 MUST-READ RESOURCES FOR PROJECT MANAGEMENT PROFESSIONAL (PMP) CERTIFICATION

Simple PMP Exam Guide

Get it for \$24.99

The PMP exam is the golden standard for project management professionals, but let's face it - it's tough to stay conscious when reading the PMBOK. This book is the antidote. Everything you need to know to pass the PMP exam is included. It is literally 1/3 the size in volume compared to some of the more popular tomes out there.

All that fluff has been removed and boiled down to the straight facts, plus enough glue to bring it all together so that it makes sense. Those uber-fancy terms and run-on sentences have been removed so you can quickly understand what is being said, instead of having to reread the same sentence 3 times.

Contemporary Project Management

Get it for \$249.95

Master the most proven methods in project management as well as new techniques and today's most recent research with Kloppenborg's new book. This edition presents both traditional and agile approaches to project management using time-tested manual techniques and progressive automated techniques, all consistent with the latest 6th edition of the PMBOK Guide and 18 other PMI standards and guides.

Students practice manual techniques before learning to use Microsoft Project 2016. They build strong portfolios to showcase skills as they create deliverables for real projects. They prepare to become Certified Associates in Project Management (CAPM) or Certified Project Management Professionals (PMP), if desired. A quick reference list for each chapter highlights PMBOK topics covered, while glossary definitions reflect various PMI publications.
